

OvenGem

RAPID COOK SMALLWARES

YOUR FOOD
DESERVES
the same
QUALITY
under it as in it.

HANDLES THE HEAT

Cook at the speed you need: rapid heating, crisping, and browning to 550°F.

BUILT TO LAST

The reliability you deserve through seamless design and a non-stick coating that maximize smallwares life.

TRACEABILITY

The safety and assurance you depend on with materials regulated by US manufacturing standards.

SEAMLESS & STACKABLE

FEATURING MOLDED EDGES

The innovative molded design eliminates edge seam failure, enhances structural integrity, and improves storage and transport.
