Service and Support

AFC Materials Group offers a product line that meets customers and equipment needs. Focused on partnering with end users, distributors, and OEMs to find solutions to their production challenges. Known for service & support: field, technical, & customer; AFC has a team dedicated to helping you reach production goals.

AFC's Cooking Solutions product line is specifically engineered to withstand the rigorous environment of the QSR & Restaurant industry. Applications for AFC's products include but are not limited to Speed Toasters, Clamshell Grills, Accelerated Cook Ovens, & Release Liners. Solutions are designed for non-stick, clean release, & resistance to oils, grease, and chemicals. They are easily cleaned and maintained, making them ideal for food service settings. AFC is a global supplier designing, manufacturing, and fabricating all products in the USA.

AFC Materials Group supplies products for the following equipment manufacturers:

Antunes
Prince Castle
Marshall Air
Taylor

Garland
Nieco
Turbo Chef
Hatco

Duke
